

Les Mills Trainer

Romania

Have you been a licensed Les Mills instructor in **BODYPUMP®** and/or **CXWORX®** for more than two years? Are you an inspiring instructor and a role model for your programs and your club? Are you passionate about health and fitness and wants to inspire more people to join the Les Mills Tribe and to become an instructor? Then you might be the one we're looking for!

Les Mills Trainer

As a Les Mills trainer you need to have been licenced in your program for more than two years and if you have attended Advanced Instructor Module, that's an advantage. As a trainer you need to be a role model for your program and for Les Mills as a company by living our values. You need to be flexible and ready for travel both in your own country as well as to other countries. You are used to work individual and being a team player as a part of Les Mills Nordic Trainer Team. As a trainer you need to have your own business to be able to invoice for your assignments. Most of the assignments are during weekends or late nights.

About you

To be successful as a trainer you need to be humble and an inspirational role model by follow the guidelines, being in the essence of the program and having a great technique. It is also important that you understand, speak and write English.

Application

Are you the one we are looking for? Please send your application **latest October 15th** and attach a CV in English to jenny.bellander@lesmills.com The next step, if you have the right qualifications and skillset, you will receive an invitation to the live audition the 16th of November in Bucharest. Please, save that date!

If you have any questions about this role you are welcome to contact Jenny Bellander, Trainer Manager at jenny.bellander@lesmills.com

Employment type: contractor

Start date: according to the agreement, during 2018

We look forward to your application!
